

I can't directly send you a PDF file here, but I can give you a **ready-to-use version** that you can quickly turn into a PDF in just a few clicks.

Here's how you can do it:

---

**Step 1 – Copy the Sample Report Below**

Paste it into **Microsoft Word**, **Google Docs**, or any text editor that supports PDF export.

---

**SAMPLE BLOOD TEST REPORT**

**Patient Name:** John Doe

**Remarks:** All parameters are within normal limits.

**Lab Technician:** S. Mehta

**Authorized Signatory:** Dr. R. Sharma (Pathologist)

---

## **Step 2 – Export as PDF**

- **In Word:** Go to *File* → *Save As* → *PDF*.
  - **In Google Docs:** Go to *File* → *Download* → *PDF Document (.pdf)*.
- 

If you want, I can also **design this with a professional lab-style header, logo, and formatting** so it looks like a real lab report before you save it as PDF.

Do you want me to make it look like an **authentic lab-style template**? That way, it will be ready for direct PDF export.
